ALL DAY. ALL WAYS.

The robust Land O'Lakes K-12 product portfolio includes cheese sauces, prepared mac and cheese, grab and go, and more, all meeting nutritional requirements and putting smiles on the faces of students and staff.

VERSATILE

When it comes to creating a flexible menu that delivers on performance as well as flavor, our products can be the workhorse your kitchen needs.

CUSTOMIZABLE

Tips, tricks and business solutions our culinary experts can help you craft specifically for your menu.

MEET NUTRITIONAL GUIDELINES

Our products are formulated to help you meet USDA nutritional guidelines

TASTE KIDS LOVE

Increase participation in your school meal program and put smiles on your students' faces starting with excellent ingredients.

WE CAN BE A VALUABLE RESOURCE IN YOUR KITCHEN

By purchasing from Land O'Lakes, you're getting more than just a wide array of delicious products. Our foodservice team of accredited chefs, food scientists, dietitians, and bid and commodity processing experts are here to support you.

Our on-site foodservice kitchen is set up to help you with troubleshooting and recipe development. Our marketing insights help uncover consumer needs and on-trend flavors.

WE'D LOVE TO HELP YOU WITH WHATEVER'S ON YOUR PLATE:

- Personalized support
- Product training
- Trend analysis
- Recipe development
- Improving kitchen skills
- Flavor evaluation
- Menu ideation
- Bid and commodity support

To get started, [contact us](#) at
phone 800-328-1322 or

FARMER-OWNED SINCE 1921

Choosing Land O Lakes® dairy products for your kitchen helps support our more than 1,000 farmer-owners.

With humble beginnings in 1921, Land O'Lakes began when a group of farmers formed a cooperative to sell products together, which meant they'd work together as members, sharing profits and benefits.

Their passion for being defiantly cooperative while nourishing people has deep roots. And that's something we share with our farmer-owners here at Land O'Lakes. It's a spirit that shows in our products, our recipes and our commitment to your kitchen staff.

OUR SUSTAINABILITY COMMITMENTS & PRACTICES

As a cooperative, Land O'Lakes has taken a leadership position in supporting on-farm sustainability while keeping farmer profitability at the forefront.

We are committed to working with our farmer and retail-owners to provide tools that drive voluntary practice changes that not only contribute to the health of the planet, but also position farmers and the agriculture sector for success in a challenging operating environment.

IT'S COOL TO LOVE CHEESE

Earn points on qualifying purchases that can enable you to get helpful items that can streamline your kitchen and enhance your meal program.

Qualified purchases of eligible Land O'Lakes products can earn rebates through IPS rewards.

HEATING AND HANDLING INSTRUCTIONS

Fully prepared product can be heated from thawed or frozen state and served straight from the pouch once heated to 165°F. For best results, allow product to thaw under refrigeration up to 24 hours before heating entire pouch in a steamer or

boiling water. Heating times can vary according to the type of equipment used and number of pouches heated. Take internal temperature by placing thermometer in fold of pouch, being careful not to pierce the pouch.

- **Steamer (preferred method):** Place unopened pouch in steamer and heat until internal temperature reaches 165°F.

- **Boiling water:** Place thawed, unopened pouch in water and heat until internal temperature reaches 165°F. Pouch should float freely in water and be rotated during heating process.
- **Holding instructions:** In the warming cabinet, maintain hot holding temperature of 145°F. When possible, keep product in heated pouches until serving; then remove and pour into serving pans. If pre-panned, keep product covered tightly. Land O Lakes® Prepared Macaroni and Cheese varieties can be held up to 1½ hours.

CAUTION: Product will be very hot when pouches are opened.

Breakfast Burrito

Three-Ingredient Queso Mac

Breakfast Queso Pizza

Make three unique recipes using

THREE-INGREDIENT WHITE QUESO WITH GREEN CHILES

WITH ULTIMATE CREAMY WHITE™ CHEESE SAUCE

YIELD: 35 servings **SERVING SIZE:** 3 1/2 ounces [#10 scoop]

CHILD NUTRITION: 1 meat/meat alternate

INGREDIENTS

1 106-ounce pouch Land O Lakes® Ultimate Creamy White™ Cheese Sauce

2 cups canned diced green chiles, undrained

1/2 cup canned jalapeño slices*, drained, chopped

*Can substitute 1/2 to 3/4 cup chopped, seeded jalapeños

PREPARATION

1. Pour Ultimate Creamy White™ Cheese Sauce into half steam table pan. Add chiles and jalapeños; combine thoroughly. Cover tightly.

2. Heat in steamer until queso is heated through to 165°F.

Land O Lakes®
Ultimate Jalapeño™
Cheese Sauce Pouch

INGREDIENTS: Water, Cultured Pasteurized Milk and Skim Milk, Food Starch - Modified, Contains Less Than 2% of Potassium Phosphate, Salt, Jalapeno Peppers, Vinegar, Sodium Citrate, Sodium Phosphate, Whey, Lactic Acid, Buttermilk, Annatto Extract and Oleoresin Paprika (colors), Natural Flavors, Autolyzed Yeast Extract, Maltodextrin, Sea Salt, Mono and Diglycerides, Enzymes.

CONTAINS: Milk

METHODS FOR HEATING ONE UNOPENED SAUCE POUCH:

Note: Peel off label on pouch prior to in pouch heating.

Heat unopened pouch to 145°F - 155°F by either of the following methods listed below. Heating times may vary with type of equipment used and number of pouches heated. Take internal temperature by placing thermometer in fold of pouch.

Steamer Method (Preferred):

Place unopened pouch on perforated steam table pan or tray in steamer. Heat for 12-15 minutes, or until sauce reaches 145°F - 155°F. Carefully remove as product will be hot.

Boiling Water Method:

Place unopened pouch in boiling water. Boil for 15 minutes, or until sauce reaches 145°F - 155°F. For even heating, rotate pouch frequently. Carefully remove using tongs as product will be hot.

USE CAUTION WHEN HANDLING HOT SAUCE AND POUCH. DO NOT MICROWAVE. Due to uneven heating, pouch may burst and cause employee injury.

METHOD FOR HEATING ONE OPENED SAUCE POUCH:

Cut open pouch at top. Pour sauce into heavy saucepan. Heat product to 145°F - 155°F on medium heat, stirring occasionally. Sauce will be very hot. Use caution to avoid burns.

SAUCE HANDLING AND REHEATING INSTRUCTIONS:

Store unopened pouch in a cool, dry place. No refrigeration required for unopened pouches. Do not freeze. Serve or hold hot between 145°F - 155°F (cover product when not serving). If using in cold, ready-to-eat recipe applications, refrigerate immediately after recipe preparation. Date and use within 5 days. After opening, refrigerate unused portion in tightly sealed container. Date container and use within 5 days. Chill and reheat rapidly in accordance with federal, state and local health regulations for food safety. Reheat refrigerated sauce rapidly within two hours to 165°F for 15 seconds. Reheat only one time. Never use hot-holding equipment to reheat food.

Why does Land O Lakes® cheese sauce list water as the first ingredient?

These products are processed differently in order to be aseptic (or shelf-stable). Our aseptic process requires more water to allow the product to move through the equipment properly, thus increasing the total volume of the finished product. Sauces that use a non-aseptic method require less water but are not shelf stable and take up valuable freezer space.

Ultimate Pizza Spread

SERVING TIPS

- Try slices in popular sandwiches like cheeseburgers, grilled cheese, chicken and fish
- Use cheese shreds as a topping for salads, baked potatoes, chilis, soups and tacos
- Melt slices or shreds onto hot sandwiches and entrées
- Combine shreds with our sauce for a fun dip or spread that can be used in hot or cold recipes.
